**Subject:** RE: Duke Power Transmission Plan (Docket #ND-2015-20-E)

Dear Kellian O'Neil,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. Your email will become a part of ND-2015-20-E - Duke Energy Carolinas: Foothills Transmission and Substation Project-45-Mile Transmission Line Between Asheville, NC, Power Plant and New Substation Near Campobello, SC, and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling  
Administrative Coordinator

**Subject:** Duke Power Transmission Plan (Docket #ND-2015-20-E)

Hi Jocelyn,

I am writing you in support of the The Carolina Foothills Preservation Alliance and Fletcher Valley Defense groups to stop the modernization project / Duke Power Transmission plan.

It is critical the option Duke Energy is proposing be reevaluated to ensure the landscape and people of WNC are not impacted to the level proposed.

This has a large impact on the people living in these areas and our ability to attract others to enjoy the beauty of this area. Specifically, the concerns for individuals to enjoy their natural way of life, farm, raise children and generate income. I do not feel as though all measures to seriously review and consider alternative options have been completed by Duke Energy.

Please support this effort.

Thank you,  
Kellian O'Neil

Fletcher, NC
